Objective:

Myself Dilson, currently pursuing a degree B Tech in the field of Artificial Intelligence and Data Science at Kumaraguru College of Technology. I have eager to gain experience in various programming languages and frameworks, and I enjoy working on challenging projects that push my skills to the next level. I am always eager to learn new technologies and stay updated with the latest trends in the industry. I am excited to connect with like-minded professionals and explore new opportunities in the tech world.

Education:

B Tech Artificial Intelligence and Data Science 2022-2026
Kumaraguru College of Technology - CGPA 6.92

Secondary School Leaving Certificate(SSLC) 2020
SMA Matriculation Higher Secondary School- Percentage 96.4%

Higher Secondary Certificate(HSC) 2022
SMA Matriculation Higher Secondary School- Percentage 95.3%

Soft Skills:

- Logical Thinking
- Manage Organizing
- Adaptability
- Engage with others

Technical Skills:

- Programming Language: Python, C++
- Database Management : SQL, MongoDB
- Web Development: JavaScript, Frameworks
- Tools: GitHub, VS code

Project

Portfolio Website:
I have successfully done my first project by Learning HTML and CSS, I have applied my learning through the project without using any AI support. Through this project I can showcase my skills, thoughts, projects in aesthetic way.

Insider Thread Detection in Healthcare System using ML:
Currently doing my final year Project which is ML based thread detection inside the healthcare system, we doing this project based on the main context of hospital or staff via the data may leaks, in order to avoid that we building a ML model by collecting the logs and analyze it and give the risk score to avoid the data breaching because it may leads to various malicious or malfunction with leaked data.

Certification:

- Solved more than 120+ program on Leetcode

Personal Interest

- Athletic
- Mathematics

Languages Known

- Tamil
- English
